The following brief serves as the direction for the 2024 Storyboard. 4-H members should create their Storyboard around their interpretation of the design brief.

Dreams

In 2024 "Dreams" will serve as the ultimate source of inspiration for this fashion concept. The concept revolves around the multifaceted nature of dreams, whether they are the surreal visions that captivate a sleeping mind or the vivid aspirations that fuel the conscious soul. The fashion narrative will blur the lines between reality and reverie, creating a visual story that celebrates the ethereal and the tangible. This concept invites designers to translate the essence of dreams into fashion, evoking a sense of wonder, mystery, and endless possibility!
